Assoc. Prof. Dr

Boon Kheng**

Head - Centre for English  
Language Studies

Hello and welcome to Sunway University!

At all stages of your university journey here at Sunway University, as a student, you will have access to English language support provided by language specialists. Here at CELS, we want to equip all students with the language skills necessary for success in both academic and professional environments.

To do this, the full-time and short courses we offer take a holistic approach to building language fluency while providing opportunities for real world application. These courses are also focused on equipping you with the necessary language skills for both studies and future work. We believe that effective language learning is enjoyable and therefore employ a multi-modal, active learning approach in our classes.

Additionally, all of us at CELS are multilingual and value the ability to use more than a single language when communicating.

Welcome again to Sunway University and my team and I will see you in a classroom soon!
