

Dear Colleagues,

We are pleased to be sharing with you the latest Campus With A Conscience e-Bulletin.

Thank you to those who have been continuously contributing to the sustainability efforts across Sunway College and Sunway University.

The latest bulletin covers the sustainability efforts of clubs & societies, schools and departments from all across our #MostHappeningCampus.

This month's edition leads with the Asean Education Cities Conference 2023 (AECC) – hosted by Sunway University – which saw an exchange of ideas on the making of vibrant education cities and how to work together towards developing new ways of educating the next generation of planetary health caretakers.

In addition, corporate leaders, non-governmental organisations, special society groups, influencers and over 22,000 students from all across Malaysia gathered at Sunway University for a week-long festival of events in support of the United Nations 17 Sustainable Development Goals (SDGs). Innovation, inspiration, dedication and entertainment are just some of the key factors that brought a “city” together in a united effort to drive interest and action toward the 17 UNSDGs.

Thank you for taking your time to read through the CWAC eBulletin and please do feel free to share our Campus With A Conscience updates with all your family, friends and associates.
