

Dear Colleagues,

We are pleased to be sharing with you the latest Campus With A Conscience e-Bulletin.

Thank you to those who have been continuously contributing to the sustainability efforts across Sunway College and Sunway University.

The latest bulletin covers the sustainability efforts of clubs & societies, schools and departments from all across our #MostHappeningCampus.

This month's edition leads with Sunway University's proactive stance in the fight against plastic pollution with the launch of our Zero Plastic Hour campaign unveiled in honor of World Environment Day.

In addition, Sunway is embarking on a long-term and multi-pronged project to address urban poverty and other quality of life issues in Desa Mentari, a public housing scheme along the Federal Highway in Klang Valley.

Thank you for taking your time to read through the CWAC eBulletin and please do feel free to share our Campus With A Conscience updates with all your family, friends and associates.

Pioneering Change To Combat Plastic Pollution

Sunway University has taken a proactive stance in the fight against plastic pollution with the launch of its Zero Plastic Hour campaign. The initiative, unveiled in honor of World Environment Day, signals the university's commitment to environmental sustainability.

Sunway pioneers unique approach to tackle urban poverty

Sunway is embarking on a long-term and multi-pronged project to address urban poverty and other quality of life issues in Desa Mentari, a public housing scheme along the Federal Highway in Klang Valley. This Sunway initiative is aimed at working with the community at designing a holistic, inclusive and innovative blueprint in addressing these issues. When completed, it is hoped that this blueprint can be scaled up to address urban poverty at the national and, perhaps, even regional levels.

Back-2-School Programme Supports Desa Mentari community with School Supplies

As part of Sunway Education's efforts in sustainability, the Back-2-School Programme supported the Desa Mentari community with the gift of new school uniforms and new shoes for the new school term.

PHAM 2024 Makes Its Debut with YB Datuk Seri Dr. Dzulkefly Ahmad, Minister of Health Malaysia

Marking the first time the conference is held in the region, the historic opening ceremony of PHAM 2024 officiated by our Minister of Health and other distinguished guests sets the stage for a week of crucial discussions on global health and a sustainable future.

Sunway iLabs and JETRO Kuala Lumpur Foster Cross-Border Innovation for Sustainability Through 2024 Green Transformation Accelerator Programme

Sunway Innovation Labs (Sunway iLabs), a smart partnership between Sunway Group and Sunway University, joined hands with the Japan External Trade Organisation (JETRO) Kuala Lumpur for the fifth consecutive year and concluded the 2024 Green Transformation Accelerator (GXA) programme.

Seeding Sustainability by Empowering Communities

Aspiring to reduce the amount of food waste that ends up at the landfill, Facilities Services has been collaborating closely with Sunway Material Smart Science & Engineering Cluster (SMS2E) since July 2022 to educate relevant stakeholders such as our tenants and vendors on reducing food waste, as well as proactively collecting dry food waste from the cafeteria tenants to be composted.

Professor Dr Abhimanyu Veerakumarasivam Receives 2024 UK Alumni Award

Congratulations to Professor Dr Abhimanyu Veerakumarasivam, Provost of Sunway University, on receiving the 2024 UK Alumni Award in the Science & Sustainability Category! This prestigious award is a testament to Prof. Abhi's exceptional contributions and his significant impact in his field.

Sunway Campus eWaste Collection Day

The eWaste disposal campaign kicked off with the promotion of a permanent 'Larger eWaste Collection Bin' placed at the Recycling Corner located in the University building to encourage more students and staff to dispose bigger sized eWaste such as laptops, notebooks, computers, mini printers, network devices and small home appliances to name a few.

Hema Mahadevan
Public Engagement Campaigner
Greenpeace

Reuse Revolution

Speaker, Hema Mahadevan from Greenpeace discussed topics such as plastic consumption and lifestyle, plastic waste trade, and the Global Plastics Treaty. Currently, Hema is advocating to eliminate single-use plastics in the food and beverage industry, including in restaurants and schools, and championing reuse and refill initiatives.

SDSN Malaysia Youth Presents Mission Possible: Empowering Youth to Navigate the SDGs with Purpose

For the first time ever, "Mission Possible: A Workshop on Navigating the SDGs with Purpose" was organised and involved ten participants from multiple disciplines in an intimate setting to work on charting social impact from personal conviction using the Sustainable Development Goals (SDGs) as a framing tool.

Cybertruck - Why It Is A Game Changer for Humankind

Often collaborating with the government and other stakeholders at Tesla (Malaysia & Singapore) to develop policies and business environments that accelerate the transition to sustainable energy, IR Ahmad Hadri Haris of Tesla provided valuable insights into the matter. Hadri has been drawn to this mission throughout his career and has been promoting solar PV adoption in buildings, Malaysia's Feed-in Tariff, the National Green Technology Policy (2009), the National Renewable Energy Policy (2010), and government incentives for sustainable energy for 26 years.

The Interplay of Peace and Justice: Driving Change Through SDG 16

Stephanie's shift from working in human rights and conflict resolution to coaching leaders, along with her personal experience fighting stage 4 intrahepatic cholangiocarcinoma, demonstrates her exceptional ability to bounce back and her dedication to making a meaningful difference.

Sunway University and UBD Forge Collaborative Pathways for Sustainable Development and Lifelong Learning

School of Medical and Life Sciences had successfully co-hosted the 2nd International Conference on Public Health, Environment, and Education for SDGs and Lifelong Learning, marking a significant milestone in our ongoing efforts to promote sustainable development and lifelong learning.

SMS Launches Kampung Kira-Kira Project

In line with the commitments of Sunway Education to ensure sustainable quality education for both present and future generations of students, the School of Mathematical Sciences is proud to announce the recent launch of its student-run pilot community development program, Kampung Kira-Kira to introduce and nurture their passion for mathematics.
