## United Nations Global Campaign of Local Action for Global Goals 2022

In support of the United Nations Global Campaign of Local Action for Global Goals 2022, Sunway University will be activating a week-long festival of events and activations which will all relate to the United Nations 17 Sustainable Development Goals (SDGs), in conjunction with the worldwide 7th anniversary of the SDGs launch in New York on 25th September. The Campus With A Conscience Local Action for Global Goals 2022 is sure to create a significant amount of publicity and we would like to invite you to see how you can also take part in this unique occasion, benefit from the experience and, in line with the principle of inclusivity, participation is entirely Free of Charge. >

## SDSN Malaysia Conducts Special Briefing on its SDG State-level Dashboard to Malaysian Policy-makers

Since the launch of its SDG Monitor, a state-level dashboard for SDG performance, in May, SDSN Malaysia was invited to conduct a briefing on the use and benefits of this dashboard to one of its member institutions'

interested staff and students. On July 22, upon the request, a special briefing was conducted for the Department of Statistics Malaysia, the government agency responsible for the collection, interpretation, and dissemination of real time data and the monitoring of national economic performance and social development... >

## Larger eWaste Collection Bin at Sunway University Building

For the convenient of disposing larger eWaste items, IT Services proudly announced that a new "larger eWaste collection bin" is available now at Recycling Corner, Sunway University Building. The "new larger eWaste collection bin" is a concerted effort by IT Services, Branding & Corporate Communications, Meriahtek (M) Shd Bhd (campus eWaste partner) and supported by Campus With A Conscience... >

## On-Campus Composting: Achieving Zero Waste Eco System on Campus

The Composting Room located at the loading bay area at Sunway University is a joint collaboration between Facilities Services and the SMS2E Research Cluster Grand headed by Professor Mohamed Kheireddine and Dr Jane Gew to re-purpose food waste to compost. The Cafeteria tenants and campus cleaners also have an opportunity to join in this composting initiative and learn the whole process of food composting and educated to assist in the collection of the food waste and assist in the of the composting process. The composted food waste is used as fertilizer for our Herb Garden and landscape and green lung around campus... >

## LaunchX: Building the Startup Generation of Tomorrow

Sunway University, likely the only university around the region or even the world to have access of a multibillion conglomerate with 13 business lines and in-house venture capital firms – has created a game changing open innovation ecosystem which is being continuously evolved to support the growth of local start-ups as well as well as create employers instead of employees.

One of its notable initiatives is the Startup Foundry, an entrepreneurship programme launched by Sunway Innovation Labs (iLabs) at Sunway University in collaboration with the University's School of Science and Technology... >
